How to Force Restart an iPhone 4S

Force restart an iPhone 4S that is frozen and not responding.

Written By: Evan Noronha

INTRODUCTION

Use this guide to force restart your iPhone 4S when it is frozen and not responding. Force restarts are very simple and require no tools.

Step 1 — How to Force Restart an iPhone 4S

- Press and hold the Home button.
- While holding the Home button, press and hold the Sleep/Wake button.

Step 2

- Continue holding both buttons for about 10 seconds, until the Apple logo appears.
